TruePath Technologies

The **STATE** of the **CIO** '06

The SURVEY

Using the CIO's 2006 "State of the CIO" survey, we compare TruePath Technologies' leading services with the results from over 500 respondents.

TruePath Technologies will configure and maintain the tools and your teams get to use them!

Your teams can spend less time wrestling to configure monitoring software and have more time on their *real* jobs!

No more one time (big-bang) training sessions. TruePath Technologies will educate and train your teams throughout the entire service!

Inject a "Single Visualization" across your entire team/business!

### YOUR BIGGEST BARRIERS TO JOB EFFECTIVENESS

1. Overwhelming backlog of requests and projects
2. Inadequate budgets
3. Shortage of time for strategic thinking and planning
4. Unrealistic expectations from the business
5. Unknown expectations from the business
6. Lack of key technical skill sets within the IT department
7. Overwhelming pace of technology change
8. Lack of business knowledge within the IT department
9. Lack of alignment between business goals and IT efforts
10. Difficulty proving the value of IT

YOUR TOP 10 TECHNOLOGY PRIORITIES

1. Integrate/enhance systems and processes
2. Ensure data security and integrity
3. Enable business intelligence

Gartner has stated that, "NSM technology can be used to auto-mate repetitive operational processes and elevate the overall availability of IT infrastructure". Why force people to execute manual checks (maybe twice a day) when the NMS software can check, alert, report and graph every few seconds ?!?

HOW YOU SPEND YOUR TIME

Interacting with your company's CXOs and business executives	65%
Making strategic systems decisions	63%
Strategic business planning	51%
Leading projects	49%

Take the guess-work out of your decision making. Use live and historical data to spot trending profiles. Arm your teams with the knowledge they need to make informed decisions!

TruePath Technologies is Not an outsourcer; Not your typical consultants, but Enterprise Monitoring as a service!
